Safety
Students’ safety is taken seriously at UPM. UPM’s security personnel patrol the campus frequently and are always at hand to offer assistance as and when necessary.

Entertainment & Shopping
UPM’s main campus is a 20-minute drive away from Kuala Lumpur, the capital city of Malaysia. Students can access the nation’s top entertainment, shopping and cultural centres via a rapid city rail service.

There are two (2) types of accommodation within the UPM campus which are available for international students which include student apartments which comprise 2-bedroom and 1-bathroom flats, and residential colleges, which comprise twin sharing rooms with common facilities. International students are advised to reserve their accommodation before coming to Malaysia as apartments and rooms in residential colleges are limited. The cost of accommodation can vary from USD 100-300 a month.
Food
There are many choices of cafeteria, restaurants and food stalls available within the campus and in the surrounding neighbourhood. Food can be obtained at any hour, for, besides the cafeterias at faculties, many eat-outs in the vicinity are open 24-hours. Among well-known fast-food joints available in the vicinity are McDonalds, Kentucky Fried Chicken to name a few.

Health & Welfare
All international students can access outpatient clinic services provided at the University Health Centre which is located within the campus. The health centre provides a comprehensive array of health services and is well-equipped with modern facilities and pharmaceutical amenities which enable the efficient provision of effective health and dental services to all registered students and staff. Among facilities and services available at the centre are medical, dental, x-ray, physiotherapy, ambulance service, dispensary, laboratory etc.

UPM’s IT infrastructure provides a range of facilities and services to assist students with their IT-related needs. Wireless hotspots and access to the Internet and other online resources including Library e-resources/e-journals and student portals are readily available throughout the university.

Sports & Recreation
UPM’s sports facilities are numerous and are aimed at encouraging and supporting its students in their sports initiatives. UPM’s commitment to sports can be seen by the dedicated block for athletes, built at the University’s Sixth College. UPM also has a swimming pool, a sports complex with a main stadium for track and field events, a multipurpose hall (for indoor games such as squash, netball, sepaktakraw, volleyball, basketball), a golf course, an equine park etc.

Amenities
Basic amenities available within the campus include post office, bank, book-shop, optical shop etc.

Transportation
Students’ transportation inside and outside of campus is well taken care of via the UPM coach services. Each student is expected to pay approximately USD 20 per semester for unlimited rides. UPM’s Student Affairs Division has also allocated more than 20 university buses to cater to students’ academic and co-curricular activities outside the campus. UPM’s covered bus-stops are equipped with fans, lights and notice boards to maximize student comfort.

International Support Services

International Student Association (UPMISA)
UPMISA is a student association for international students studying at UPM and is basically responsible for fostering a good relationship among all international students of UPM by organizing various interaction programmes and activities.
Malaysia is a bustling melting pot of races and religions where the Malays, Indians, Chinese and many other ethnic groups live together in peace and harmony. The multiculturalism that is unique to Malaysia has made Malaysia home to hundreds of colourful festivals. Malaysians love celebrating and socialising, and are very warm and friendly in nature. In Malaysia, a wonderful balance between modernisation and traditions can be clearly observed, even in bustling cities like Kuala Lumpur. The modern Malaysia’s famous towering skyscrapers are beautifully contrasted with traditional wooden houses built on stilts found in villages.

Malaysia has a population of approximately 27 million. The country experiences tropical weather year-round. Temperatures are from 21ºC (70ºF) to 32ºC (90ºF).

Malay Language (Bahasa Melayu) is the national language in use, but English is widely spoken. The ethnic groups also converse in their various languages and dialects.
